A CARD FROM THE HOT SPRINGS.

IN ANSWER to many inquiries from Rheumatic Invalids and for the information of persons in delicate health, I would state that the Hot Spring water is procured by Voyagers to be similar to those of Aix la Chapelle, in Germany, so much noted for the cure of Rheumatism, and the resort of Invalids in general. I can positively state that this water will cure the most obstinate case of Rheumatism in six weeks. The temperature of the water is 128°, and its ingredients are salt, sulphur, magnesia and a little iron.

Our accommodations, though not first class, will be found clean and comfortable, and we promise you our table shall be supplied with the best our market affords.

To the Ladies whose health may necessitate a trip to the Springs my wife will use every effort to make them comfortable as possible.

FARE per Stages, or Dietz & Nelson's Express, from Douglas to the Springs is \$5.00.

BOARD and LODGING at the Springs, \$15 per week.

Hot Springs, Douglas Portage, June 4, 1865. je29 1m

NOTICE TO MARINERS ENTERING FRASER RIVER.

ALL previous notices issued by the Harbour Master of British Columbia, having reference to the Sand Heads of Fraser River, are hereby rescinded.

The following directions are published for general information:

The Beacons carried away since last fall have been re-constructed, excepting the South Sand Head No. 1, and the following alterations and additions made. The Light Ship now building will be placed near to the South Sand Head, being substituted for No. 1 Beacon:

The Beacons are formed with clusters of piles, each Beacon having a distinguishing feature at the top of the piles, and being numbered consecutively from 2 to 10, irrespective of the Crib on the North Sand Head.

No. 2. BEACON, NORTH SAND HEAD.—Placed in 1 foot at low water, 1 cable from the buoy in a N. W. direction, showing from a Southerly bearing a black diamond elevated on a pole 16 feet above the top of the piles.

A 1/2 of a cable distant from No. 2 Beacon, further on the Sand, is a loaded crib in an incomplete state at present; at high water spring tides it is awash, but at low water it looks like the hull of a small vessel. A pole 20 feet long with a black board at the top pointing to the Channel is secured to it. A permanent Sea Mark will be built upon it in the course of a few months, of which due notice shall be given.

No. 3. BEACON, NORTH SAND.—In 6 feet at low water, shows black and white horizontal stripes both on the pole and beacon, and is situated about half-way between chequered and black buoys.

No. 4. BEACON, NORTH SAND.—1 cable distant in a S. W. direction from black top buoy, is distinguished by a black triangle elevated on a white pole 16 feet above the piles, and placed in 2 feet at low water. The piles are white-washed.

No. 5. BEACON, NORTH SAND.—On the spit 1 1/2 cables from red top buoy (placed in 5 feet at low water). This beacon is remarkable from its leaning position and is readily distinguished by the red cask on a white pole above the piles, the tops of which are also white.

No. 6. BEACON, NORTH SAND.—1 cable distant from white buoy in a Westerly direction, is placed in 7 feet at low water. On the top of the pole is a white triangle, the apex of which is on the lower part of the pole. This beacon forms a conspicuous object and must be appreciated, as it will guide Vessels in the Channel when entering and leaving the River. The beacon is all white.

No. 7. BEACON, SOUTH SAND.—Is a black beacon placed in 6 feet at low water, having a St. Andrew's cross elevated on a pole 16 feet above the piles.

No. 8. BEACON, SOUTH SAND.—A cable's length from No. 7, in 1 foot at low water. This Beacon is white, having a St. Andrew's cross, as above, on a pole 16 feet above the piles. At these Beacons, No. 7 and 8, are intended as marks for crossing the Bar, they are hereafter alluded to as the x Beacons. This Beacon (No. 8) is not to be regarded in any way except to lead Vessels over the Bar in the deepest water. For Vessels of large draught the x Beacons will be found invaluable, as by taking care to "port" sufficiently as soon as passing the black top buoy, so as to cross when in a line, they will lead over the Bar, carrying from 19 to 22 feet at high water Spring Tides. In all other parts of the Channel much deeper water will be found. After the red top Beacon is brought in a line with the white Beacon (No. 6), the red top buoy may be with safety rounded, then steer in direction for the white buoy, and from thence to the Ball Beacon on Garry Point.

No. 9. BEACON, SOUTH SAND.—On the edge of the bank, placed in 1 foot at low water, is nearest to the Mouth of the River, and distinguished by a black pole having at the top two black boards on two sides of the pole horizontal with each other. The tops of the piles are also black.

No. 10. BEACON.—Is a land mark placed on Garry Point to indicate the Mouth of the River, which shows from every direction a large White Ball. The braces, 6 feet of the pole, and the tops of the piles are black. The lower part of the Beacon is white-washed.

All buoys on the North Sand, after entering the Channel with Vessels of large draught, should be passed close on the "port" hand. Caution is hereby given that the Beacons constructed on the Sand Heads are not intended as marks for the Navigable waters of the Channel but to indicate the locality of the several buoys.

The old white buoy has been removed and a red spar buoy placed on the spit of the middle Sand inside Garry Point, in 12 feet at low water, which must be past by Vessels entering the River on the starboard side.

By following the above directions Mariners will find the Channel well and clearly defined, and with ordinary care a perfect stranger may navigate his Vessel with safety into Fraser River. JAMES COOPER, Harbour Master. New Westminster, June 12th, 1865.

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Urine should be well rubbed into the small of the back at bedtime. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully effectual in cases of spasms—in fact they never fail in curing all disorders of the liver & stomach.

Bronchitis, Diptheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing and enable the windpipes and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Headache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague, Bilious Complaints, Blotches on the skin, Bowel Complaints, Colic, Constipation of the bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irrregularities, Fevers of all kinds, Fits, Gout, Head-ache, Indigestion, Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throat, Stone and Gravel, Secondary Symptoms, Tics, Douloureux, Tumours, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 24, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in medicines throughout the civilized world, at the following prices:—1s. 12d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Box.

* * * There is a considerable saving by taking the larger size.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box. de7

Important to Business Men in Victoria, California, Portland, and Places on the Sound!

The British Columbian.

NEW WESTMINSTER, TUESDAY, AUG. 1, 1865.

BY MAGNETIC TELEGRAPH!

CALIFORNIA DATES TO THE 29th.

PORTLAND DATES TO THE 29th.

EASTERN LINE STILL DOWN.

SAN FRANCISCO, July 28.—It has been already published that the overland mail from Lincoln to Portland had gone into the hands of Mr. Reside of Washington city. According to the contract he was to commence running the mail on the 1st July, but failing to come to time, the California Stage Co., who have carried the mail for several years past, had consented to continue the job until the end of this month. We are now informed that they positively refuse to convey it any longer, as the new contractor has not the stock on hand necessary to do the work. The prospects are that after Monday next the overland mail to Oregon will cease. Mr. Gaskitt, Special Agent of the Post-office Department, who is awaiting authority from the Postmaster-General to provide a remedy, will do his utmost to induce the California Stage Company to continue carrying the mail until the Government can be apprised of the true state of things. The Stage Co. carried the mail last year for \$250,000, but they claim that they lost money and this year raised their bill to \$300,000. Resides contract was for \$225,000.

A match race for \$500 a side has been made between the yachts *Mermaid* and *Restless*, to sail on the 13th of next month.

The trial of the champagne case still continues. The testimony for the prosecution is ended, and the defense are to-day reading testimony to the jury, most of it to the effect that there is no regular market value for champagne in France, but only for the raw material, so to speak, which after having passed through the different manipulations by which it becomes champagne ceases to have a regular market value, except such as the manufacturer may put upon it from time to time.

Gen. Rosecrans and Gen. Wright and staff were serenaded at the Occidental Hotel last night by the 9th Infantry Band, and Senator Stewart, of Nevada, received a similar compliment at the Occidental Hotel.

MARKETS.

Butter, sales 1st class 34 3/4 c.

Coffee, 700 bags Rio 21 1/2 c.

Auction sales Rice 450,000 pounds No. 1 Peruvian, \$3.12 1/2 @ \$3.57 1/2 @ \$3.90 per 100 lbs., 800 mats No. 2 China, \$8 @ \$8.50.

Tea, 57 half chests Oolong 41 @ 43c per lb.

Flour, steady, fair demand for home use, and export to China and market remains steady. We quote superfine \$5.50 to \$5.95, and extra \$6.50 to \$7 per bbl., latter jobbing price.

Wheat, little more inquiry for milling. The Golden Gate Mills have resumed operations. Sales aggregate 3712 sacks fair, to prime \$1.80 to \$1.87 1/2, chiefly at \$1.85 per 100 lbs.

Barley, sales 770 sacks 95c., and 1,000 do., deliverable at Sacramento, reported at \$1.12 1/2 per 100 lbs.

Oats, sales 765 sacks new, \$1.75 to \$1.75, 100 do. at \$1.65, 200 do. old \$1.85 per 100 lbs.

Legal tenders little off to-day, quotable at 74.

SHIPPING INTELLIGENCE.

Arrived last night, str. *Del Norte*, Crescent City, sailed, *Brader Jonathan*, Victoria and Portland, brig *Brader*, Victoria and Port Angeles.

SECOND DISPATCH.

SAN FRANCISCO, July 29.—The overland line is still down beyond salt Lake. The ovation to Gen. Rosecrans will take place this evening. Citizens will rendezvous in front of the City Hall at half-past 8 o'clock, whence they will march to the Occidental, the procession moving at 9 o'clock precisely. The procession of citizens will be preceded by a platoon of policemen, the Ninth Infantry Band, and the Turner Society. The Irish Regiment of this city also proposed to give a serenade to the General this evening, and it has been arranged that they meet with the demonstration. This evening, W. H. L. Barnes, Esq., will address the General in behalf of the people.

MARKETS.

Greenbacks 73 1/2 @ 74.

Flour, market steady with good demands, sales 4,000 qrs. sacks at \$5.50 to \$6.75, for extra, with small parcels choice, \$7.

Wheat, in brisk demand, sales aggregate of 4,000 sacks at \$1.80 to \$1.87 1/2 including a small lot inferior \$1.75 per 100 pounds.

Barley, sales 1,657 sacks at \$1 to \$1.2 1/2 for good.

Oats, 1,500 sacks new on private terms.

Hay, cargo sales at \$11 to \$12 per ton.

Bran, 300 sacks sold at \$16 per ton.

Potatoes, dull, at \$1 to \$1.12 1/2 per 100 lbs.

Portland, July 29.—The tug boat *Rabon* arrived from San Francisco this evening. She is intended for use between Portland and the mouth of the Columbia.

MARKETS.

Flour, Imperial Standard brands \$10 per bbl. Country brands \$8.50 to \$9.

Wheat, \$1.20 to \$1.25 per bushel for new milling.

Oats, 55c. to 65c.

Bacon, market more active, sales from wagons at 21c. to 24c.

Beans, 3c. to 4c.

Bran and shorts, \$20 to \$25 per ton, middlings \$45 per ton.

Later from Cariboo.

The steamer *Lilloet*, Capt. Fleming, arrived from Yale yesterday afternoon with a few passengers and Dietz & Nelson's Express. She also brought about \$5000 in treasure. We have the *Sentinel* of the 22nd ult., from which we take the following summary of news:—

The Cariboo Assizes was opened on the 20th ult., Hon. Mr. Justice Begbie presiding. The case of Hennessy vs. Perrin, being an action to recover \$4000 damages for an alleged fraudulent representation regarding the title to a bench claim in the old Cunningham Co.'s grounds on Williams Creek, was brought before the court, but the jury having failed to agree, where discharged. It was understood that 10 of the jurors were in favor of giving a verdict for the plaintiff.—D. B. Chisholm, Esq., Deputy-Sheriff for Cariboo, was arraigned on an indictment for unlawfully offering to take a bribe to pack a jury. The indictment was based upon an affidavit made by Mr. John Perrin, in which he alleged that the defendant (Mr. Chisholm) privately offered to summon any jury he (Mr. Perrin) chose, in the case of Hennessy vs. Perrin. And he asked as a consideration a quarter interest in the Cariboo Claim. Mr. Chisholm landed in a defence in the shape of an affidavit, most positively denying the charge. The case created much excitement and the Court House was crowded with spectators. After an hour's deliberation, the jury returned a verdict of "not guilty."—Judge Begbie was to leave for Kootenay on the 24th ult.

MINING INTELLIGENCE.

CONKLIN GULCH.—The Erickson Co. are still taking out large quantities of gold. The yield of their claim for the week ending July 22nd was 1,200 oz., or \$18,750.

LIGHTNING CREEK.—Mining news not so favorable as was anticipated at the opening of the season. No new discoveries reported, but several companies persevering, with hope of success. Discovery claim making over wages. Bald Head Co., making wages. The old Campbell Co. took out 80 oz., and old Sidall Co. washed up 80 oz., during week ending July 16. Ayrshire Lass still prospecting without success.

LAST CHANCE.—The Australian Tunnel Co., after three years' persevering labor, have at length struck excellent pay. They have taken out gold in quantities that will yield a handsome return, and their present prospects are very encouraging.

DAVIS CREEK.—The Bruce and Fred companies doing well. Capt. Evans is still prospecting.

THE HORSEFLY EXPEDITION.—Intelligence had been received from this expedition at Summers' Farm, in the Horsefly country. There is no news, however, of much interest. They had explored the country in the vicinity of Bald Mountain, and had prospected numerous creeks, in nearly all of which they obtained gold; but the water was too high to get to the channel.

Additional from Kootenay.

The *Cariboo Sentinel* contains a private letter from Hon. P. O'Reilly, dated Wild Horse Creek, June 18th. The letter contains nothing later than what we published several days ago, but we glean the following additional particulars:—Mr. Reid is about to establish an express from Hope to Kootenay. The mines on Wild Horse Creek, so far as known, are "shallow diggings," from 4 to 10 feet below the surface. The gold is mostly found on the bed-rock, which is blue slate, soft and easily worked. The scarcity of provisions and the high stage of the water had greatly retarded mining operations. The creek and low benches were paying from \$10 to \$15 to the hand, and 3 companies in one week had taken out 100 oz. per day. There were about 800 men at work, and 400 more who could get no employment until the water had fallen. No prospecting for new diggings was going on. Nothing additional from Elk River. The letter concludes thus:—"We are all very quiet, though if we were to believe all we hear, one-half of the population is made up of murderers, highwaymen and horse-thieves. There is very little litigation. The climate is a decided improvement on that of Cariboo, though the country is not so open as was represented." We append the following report of the market prices at Wild Horse Creek:—

MARKET RATES.—Flour, 45c. 7 lb.; bacon, 75; sugar, 80; butter, \$1.50; beans, 75 to 80c; dried apples, \$1; tea, \$2.50; coffee, \$1; rice, 80c; candles, \$1; tobacco, \$8 to \$3.50; beef, 30 to 35c; picks, \$4; shovels, \$4.50 to \$5.

LABOR MARKET.—Carpenters per day, \$10; laborers, \$7. Mr. Dewdney could have engaged 100 men at \$75 per month had he required them.

Town Clock Meeting.

The public meeting advertised to take place in the Hyack Hall on Saturday evening, for the purpose of considering the propriety of placing the Town Clock in the Tower of Holy Trinity Church, was tolerably well attended. W. Clarkson, Esq., occupied the chair, and Mr. J. McIlveen acted as Secretary. The Chairman explained the object of the meeting, calling upon those present to express their views. After a lengthened pause, every one appearing to wait for his neighbor to take the initiative, Mr. J. Robson moved the following resolution: "Resolved, That it is the opinion of the rate-payers of New Westminster that the Town Clock granted to this city by the Governor should be placed in the Tower of Holy Trinity Church, until such time as a more suitable structure may be available, and that the Chairman transmit a copy of the resolution to His Excellency the Governor and to the Committee of Holy Trinity Church." The resolution was seconded by Dr. Black, and after some discussion, was put from the Chair, and carried unanimously, after which the meeting adjourned.

CUSTOMS RECEIPTS for week ending Saturday, July 29, 1865: Duties (import) £530 15 3; (export), £29 0 4; harbor dues, £16 8 2; headmoney, £21 12; tonnage dues, £59 11; total, £657 15 9. Number of passengers entering at this port during same period, 108.

Arrival of the Reliance.

\$205,000 IN TREASURE.

The steamer *Reliance*, Capt. Morse, came in from Yale last night, bringing about 20 passengers and \$205,000 in treasure. About \$185,000 of this was for the Bank of British Columbia, and was principally in gold bars, having been assayed at the office of the bank in Cariboo; the remainder was in private hands. Mr. Barnard's stage had arrived at Yale with 8 passengers and the Cariboo Express. There is no news of importance further than will be found in another column.

The Canadian Delegation.

It is known to most of our readers that a delegation from Canada, consisting of the Hon.ables McDonald, Brown, Galt, and Cartier, have been in England for some time, for the purpose of promoting the Federation scheme, the settlement of the north-west boundary, and other important questions. In alluding to the subject the *Toronto Globe* of June 5th, says: "The delegation have been received in England with honors which, we believe, have not usually been conferred on representatives of Colonial Governments. This may, perhaps be considered a trifling matter so far as the individuals are concerned, but we fancy that it marks a new era in our history. It is abundantly evident that the English people are beginning to realize the importance of the colony which has grown up on this side of the Atlantic, and are disposed to treat its representatives with the distinction due to them by virtue of the position which they occupy. They have received tokens of peculiar kindness from Her Majesty and the Prince of Wales, who are, we believe, desirous of showing their warm appreciation of the welcome extended to the latter during his visit to Canada. At all the public assemblages at which they have been present, the delegates have been received with honors equal to those accorded to the chief representatives of foreign nations, and to the highest officials of the Crown in England. The delegates have been enabled to state the position of Canada in the most effective manner, to the most influential public men, the leaders of society, of parliament and of the press, and we are happy to say that they have met with marked success in their efforts to remove the misapprehensions which have clouded to some extent the usually clear sight of the English people. They have presented to the Ministers the policy which they desire to be pursued on the part of the Provincial Governments. It is not proper that we should here specify that policy. Suffice it to say, that it includes a basis upon which the connection between the mother country and the colony will be rendered firm and lasting, and includes also many measures which will immensely enhance the prosperity of the country, and forward the development of its resources. This policy the delegation have discussed with individual members of the Government, and they have also held a conference with a committee of the Cabinet. They have found a very general acquiescence in the abstract justice and correctness of their views, and are confident that an arrangement will be arrived at which will be entirely satisfactory to the people of Canada."

'TWO EARLY.—Capt. Frain returned from Puget Sound with the str. *Caledonia* on Saturday. It is too early in the season to collect a cargo of produce yet, and what few articles are in the market are held too high for the trade; and, besides, the obstacles placed in the way of a British bottom trading on the Sound amount almost to a complete embargo. We fear our neighbors on Puget Sound are not alive to the importance of cultivating a trade with this colony, and that we shall have to look elsewhere for our supplies. The *Caledonia* went round to Moody & Co.'s Mills, Burrard Inlet, yesterday for a cargo of lumber.

BURRARD INLET ROAD.—A large tree has fallen across this road a short distance beyond the cemetery, rendering it quite impassable for teams, and almost practically useless. It is to be hoped that the Government will not allow the road to remain blocked for days and weeks together, as was the case last summer. Otherwise the road is in excellent condition, and is becoming a favorite resort for those who wish to enjoy the luxury of a pleasant buggy-drive.

THE MUNICIPAL COUNCIL met last night as usual. Present, Councillors Murray, Grieve, Ferris, Tilley and Wyllie. In the absence of the President, Coun. Ferris presided. A communication was read from Mr. Sharp with reference to his contract on Columbia Street. On motion of Coun. Murray, seconded by Coun. Grieve, the contract was ordered to be accepted and the money paid. The Council then adjourned.

DOWN AGAIN.—The telegraph line is down south of Seattle, in consequence of which we received no dispatch last night. It is expected that the breach will be repaired to-day.

FR W VICTORIA.—The schr. *Nanaimo Packet*, Capt Phillips, 3 days from Victoria, arrived yesterday morning, with a general cargo. She brings no later news.

According to the "American National Almanac" 1,190 vessels of all kinds were captured by Federal cruisers in attempting to run the blockade during the war.

Mr. J. Pass Edwards, who compounded with his creditors in 1852, has just paid his debts in full.

The consumption of snails (*escargots*) has become so great in Paris that a special market, it is said, is about to be opened for them.

The well-known picture by Sir George Hayter, "Lastimer Preaching at St. Paul's Cross," has been purchased of Mr. Graves, Pall-mall, by a descendant of the eminent divine residing at Philadelphia.

ANOTHER SUBMARINE TELEGRAPH.—The Governor-General of Netherland India resolved last year that a telegraphic communication should be established between Amjer (west of Java) and Jelong Batong (Sumatra). The electric cable will be enveloped with threads of geonocoty (Indian flag). It is rumored that it is the intention of the Netherland Government to extend this line later to Palembang, with a view to reach Mentok or Siak, and to come in nearer relation to Singapore.

A curious story reaches us from Vienna:—"A wretched-looking old woman went to a pawn-office in that city to pledge the only article of value left her—a small gold locket. The clerk scarcely looked at it ere he asked the owner where she had it from. She declared it was her own property, and it came out that the old woman found in the clerk her long-lost son. Many years ago, when this woman was keeping a farm of her own at Fankirchen, in Hungary, her son was drawn as a soldier, and on his return heard the melancholy news that his mother's cottage had been burnt down, that she had left the village soon after, and was probably dead. This mother and son had lived in Vienna without meeting, and it was only the locket that led to a recognition."

DIED.

At Barkerville, on the 20th instant, of inflammation of the lungs, B. F. Bohn, miner, formerly of Hamburg.

PROSPECTUS OF THE

BRITISH COLUMBIA

COAL MINING COMPANY!

[LIMITED].

Incorporated under the Joint Stock Companies' Act, 1856, which limits the liability of each Shareholder to the amount of his Shares.

CAPITAL ----- \$100,000.

IN 2000 SHARES OF \$50 EACH, WITH POWER TO INCREASE.

300 A. SHARES have been issued as paid up shares to the promoters of the company, as the consideration paid them for their right to 600 acres of land, &c. 700 B. shares to be issued to subscribers, subject to payment of \$2 per share at the time of subscription, and of calls of \$1 per share, per month, until \$15 in all shall have been paid, when the subscribers shall be entitled to certificates of fully paid up stock. The remaining 1000 C. shares are reserved for issue at par when the Coal Mine is sufficiently explored and proved.

DIRECTORS:

CAPTAIN JAMES COOPER, Chairman;

HON. J. A. R. HOWER, M.L.C., W. CLARKSON, Esq., JOHN ROBINSON, Esq., GEORGE DITZ, Esq., SEWELL P. MOODY, Esq., JAMES VAN BRAMER, Esq., JOSEPH C. HUGHES, Esq., W. J. ARMSTRONG, Esq., JOHN PICKAVANT CRAWFORD, Esq.

AUDITOR:

THOMAS MCKINLEY, Esq.

BANKERS:

THE BANK OF BRITISH COLUMBIA.

SECRETARY:

WILLIAM CLARKSON, Esq.

This company is organized for the purpose of exploring and mining for Coal, and boring for Coal Oil. The character of the sandstone at Burrard Inlet, its identity with the coal-bearing sandstone of Bellingham Bay and Nanaimo, and the numerous croppings of Coal to be found at different places on the Inlet and on English Bay, make it nearly certain that Coal measures similar to those of Bellingham Bay and Nanaimo will be found at a reasonable depth.

The company have secured a reserve of 600 acres on English Bay, and the British Columbia Government has pledged its support in every reasonable way.

It is the intention of the company forthwith to explore the vicinity of English Bay for Coal, by putting down a bore—the strong probability being that in less than 90 days the ground will have been prospected and the company ready to sink a shaft and open a mine.

If the Coal croppings at English Bay or Burrard Inlet should be succeeded, as is usually the case, by thicker seams below, it must become an invaluable property. The position of the Bay and Inlet renders the harbors easy of access in all winds and seasons. The shore is bold, so that no long wharves or tramways would be needed, while the prices of Coal on the Pacific—averaging from two to three times the prices on the Atlantic—render the prosecution of Coal mining one of the most promising enterprises of the day.

800 B. shares are all that are at present offered for subscription. The monthly calls on these will be adequate to meet the current expenses of exploring; the subscribers to these shares incur a small risk, but they get a compensation—a \$50 share for the small sum of fifteen dollars.

Parties desirous of obtaining shares may be furnished with every information by applying to the Secretary, at the company's office, in New Westminster. j27 to

NEW ADVERTISEMENTS.
ALL CURES MADE EASY!!
HOLLOWAY'S OINTMENT.
Bad Legs, Ulcerous Sores, Bad
Breasts and Old Wounds.
No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh springs
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

ANTOINE LUCANAGE,
commonly known on the coast as "Antoine," who is
accused of the murder of the said J. D. B. OGILVY.
The reward will be paid to any person handing over
the said "Antoine" to any Police authority of the
Colony of British Columbia.
By His Excellency's command.
C. BREW,
Chief Inspector of Police.
New Westminster, 26th May, 1865.
DESCRIPTION OF "ANTOINE."
Height about 5ft. 10in., very thin, pitted with the
small-pox, light hair and eyes, about 35 years of age,
stoops slightly when walking, speaks English well,
slight foreign accent, slight moustache and whiskers.

NEW ADVERTISEMENTS.
ALL CURES MADE EASY!!
HOLLOWAY'S OINTMENT.
These distressing and weakening diseases may with
certainty be cured by the anthers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon the
neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.
Rheumatism, Gout & Neuralgia.
Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and Cooling Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.
After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.
Sore Throats, Diphtheria, Quinsy,
Mumps & all other Derangements
of the Throat.
On the appearance of any of these maladies the Oin-
tment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into the
skin, this course will at once remove inflammation and ob-
struction. The worst cases will yield to this treatment by
following the printed directions.
Scrofula or King's Evil and Swelling
of the Glands.
This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a scrofulous nature. As the blood is impure
the liver, stomach and bowels, being much damaged,
require purifying medicine to bring about a cure.
Both the Ointment and Pills should be used in the following
cases—
Bad Legs, Chapped Hands, Scalds,
Bad Breasts, Contracted Hands, Sore Nipples,
Burns, Stiff Joints, Sorethroats,
Bunions, Elephantiasis, Skin-diseases,
Bite of Mosquitoes, Fistulas, Scrofula,
and Sand-Flies, Gout, Sore-heads,
Coco-bay, Glandular Swel- Tumors,
Chiefo-foot, Rings, Ulcers,
Corns (soft), Piles, Wounds,
Cancers, Yaws,
Chilblains, Rheumatism.

Sold at the establishment of PROSSER, BROTHERS,
244, Strand, (near Temple Bar) London; and by all
respectable Druggists and Dealers in Medicines through-
out the civilised world, at the following prices—4s.
12d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.
* There is a considerable saving by taking the
larger sizes.
N. B.—Directions for the guidance of patients in
every disorder are affixed to each Pot. as15
